Entrance to Sprague Home for Nurses

FIFTY-FIRST ANNUAL MEETING OF THE PRESBYTERIAN HOSPITAL OF THE CITY OF CHICAGO

The fifty-first annual meeting of the Hospital Society was held in the Chapel of the Hospital on Wednesday, January 17, 1934, at 12:15 P. M. with approximately fifty members and guests present. Luncheon was served.

Mr. Alfred T. Carton, President of the Hospital, presided, and Mr. Fred S. Booth, Assistant Secretary, recorded. The invocation was given by Reverend Edward N. Ware, Chaplain of the Hospital.

The minutes of the annual meeting held January 18, 1933, having been printed in the year book, were, upon motion duly made, seconded and carried, approved without reading.

Mr. Carton read the tribute to the late Mr. Albert M. Day, which was spread on the minutes of the Meeting of the Board of Managers held May 17, 1933, and which is reproduced elsewhere in this book.

On report of the Nominating Committee and motion made and seconded, it was unanimously RESOLVED, That the Secretary be directed to cast a unanimous ballot of the members of the Society present for the election of Messrs. Horace W. Armstrong, Arthur G. Cable, John B. Drake, R. Douglas Stuart and J. Hall Taylor as members of the Board of Managers in the Class of 1937, to serve for the term of four years and until election of their successors. The ballot was duly cast, and the persons named were declared to have been elected Managers for said term.

On nomination by the Clerical Board and motion made and seconded, it was unanimously RESOLVED, That the Secretary be directed to cast a unanimous ballot of the members of the Society present for the election of Dr. Harold Leonard Bowman, pastor of the First Presbyterian Church of Chicago, as a member of Board of Managers, for the term of his pastorate. The ballot was duly cast, and he was declared elected a Manager for said term.

Mr. Asa S. Bacon, Superintendent of the Hospital, spoke briefly of the work of the Hospital during the past year; stating that the number of patients cared for totaled 9,365 and the days treatment totaling 87,937. There were 1,941 children under 14 years of age admitted to, and 680 new babies born in the Hospital. The death rate was reduced to 2.7 per cent, lower than ever before, and the average stay per patient reduced to 9.6 days. Even though the depression made serious inroads on the Hospital's income, better service was rendered the patients and no indebtedness for expenses of operation were incurred. He attributed these results to the loyalty of the employed staff and their devotion to the work of the Hospital.

Miss M. Helena McMillan, Superintendent of Nurses and Director of the School of Nursing, in her report to the Society referred to the large demands on the nursing department during the year. Reduction of nursing expense had been difficult, because, during the depression, the sick only come to the hospital in case of great necessity, and more nursing attendance is required by the medical staff. The School averaged 149 students for the year, making a total of 1,292 who have graduated to date. Eighty-nine graduate nurses are on duty at the Hospital at the present time. Fewer private nurses were on duty during 1933, increasing further the burden on the floor nurses. It has been decided to have no Spring class in 1934.

Dr. Ernest E. Irons, Dean of Rush Medical College of the University of Chicago, spoke briefly of the increased emphasis on the quality of the service rendered during the year. Both Rush Medical College and Central Free Dispensary increased their efficiency and balanced their budgets in spite of the times. There were 210,000 visits to the Dispensary in 1933.

Mrs. Frederick T. Haskell, the new President of the Woman's Board, spoke of the aims of the Board for 1934.

Mr. Solomon A. Smith, Treasurer, presented the report of Cash Receipts and Disbursements for the year 1933 and the report of audit for the year by Messrs. Arthur Young and Company, certified public accountants, showing a profit of \$12,980.19 after deducting \$160,013.82 for charity and educational work. The statement and report of audit were received and approved and the medical, nursing and employed staffs were given a vote of appreciation for their work during the year and the results accomplished.

The President read his report which is printed elsewhere in the Annual Report.

There being no further business, the meeting adjourned.

WILLIAM A. DOUGLASS,
Secretary.

FRED S. BOOTH,
Assistant Secretary.

REPORT OF THE PRESIDENT

TO THE MEMBERS OF THE SOCIETY:

Through the difficult year of 1933, the standards of care and service in your Hospital have been maintained, and the Hospital has lived both within its income and within its budget. The annual report of audit by Messrs. Arthur Young & Co., certified public accountants, shows a net profit for the year of \$12,980.19.

The Hospital's charity continues large. While the free work account shows a decrease, being \$160,013.82 as against \$168,728.40 in 1932, there was an increase of \$9,283.37 in work for the needy (exclusive of Central Free Dispensary). We also received \$28,370.03 from the Cook County emergency welfare funds and the Cook County Bureau of Public Welfare (for the care of the poor at the rate of \$3.75 per patient day) which is not included in our free work account. All together, nearly \$190,000 of free work was done in the Hospital during the year. It must be remembered that this large figure includes nothing for the services of our Medical Staff, who continue to care for the poor and to teach the students of Rush Medical College of the University of Chicago without compensation.

The successful financial result for the year was only obtained by drastic economies representing in large part the contribution of the executive staff, nurses and other employes. The total number of patient days in the Hospital only decreased about 5 per cent from 1932, but the reduction in salaries paid was \$67,185.83 and the reduction in cost of supplies was \$23,559.68. It will not be possible to repeat in 1934 the profit made in 1933 without substantially reducing our free work, unless the income of the Hospital is substantially increased. Governmental regulation of industry is increasingly not only the cost of our supplies, but also the cost of living of our employes. The saving over 1932 in cost of supplies is especially gratifying, because costs had already commenced to mount from the low point during the second half of the year. This saving therefore reflects the foresight of your superintendent, Mr. Asa Bacon, and his assistants.

The Spring class of the School of Nursing was omitted last year and is to be omitted again this spring. This step has been taken as a matter of expediency under existing conditions, rather than of policy. It is believed that the quality of the teaching in the School of Nursing merits, under ordinary conditions, as large a school as is permitted by the facilities for housing and teaching the student nurses. The decrease in payroll noted above is after employment of additional graduate nurses to supplement the smaller group of student nurses.

The Hospital has not borrowed any money for current expenses, but still had, at the beginning of 1933, an indebtedness of \$169,200 incurred in connection with real estate purchases for the enlargement of the Hospital. This indebtedness was reduced, during the year, to \$64,380, by applying thereto \$54,820 proceeds of the sale and collection of securities, and the John W. Scott and the John B. Lord bequests of \$25,000 each. These bequests were used for this purpose with the consent of the families of Mr. Scott and Mr. Lord.

Besides the Scott and Lord bequests, the Hospital received, during 1933, additions to its general funds, as follows:

Albert G. Cone bequest—securities accepted at a valuation of..\$	1,000.00
Mary Hale Matteini bequest—cash and share in undistributed securities valued at.....	34,419.07
Kate McClure bequest—cash and securities accepted at a valuation of	345.62
Thomas Templeton bequest—cash and securities accepted at a valuation of	50,000.00
Mary Byrne Fund (additional).....	495.00
Dr. D. W. Graham Fund (additional).....	375.00
Elsie K. White—real estate subject to life interest in net income credited at nominal value of.....	10.00
Woman's Board, for School of Nursing Endowment Fund—securities accepted at a valuation of.....	25,000.00
Woman's Board, for Child's Free Bed Fund.....	1,339.92
Total (including Scott and Lord bequests).....	\$162,984.61

May I call your attention particularly to the generous gift of the Woman's Board for the endowment of our School of Nursing. The value to the Hospital of the many activities of this Board is inestimable. We are also fortunate in having a Woman's Board that is not only very active but also representative of a wide constituency.

Albert M. Day, President Emeritus of the Hospital, and John B. Lord, for many years a member of the Board of Managers and for a period its Vice President, died during the year. The tribute to the services of Mr. Day prepared by Mr. Charles H. Hamill and spread upon the records of the Board of Managers is appended to this report. Few members of the Board have taken a more intelligent and sympathetic interest in the care of the sick in the Hospital than Mr. Lord. He was a constant visitor, ever appreciative of the labors of the several staffs and helpful in suggestion.

The Hospital lost by death during the year two eminent members of the medical and surgical staff.

Dr. Edwin McGinnis on July 1, 1933.

Dr. John M. Dodson on August 15, 1933.

I will not repeat what has been said in previous reports regarding the devoted work of our medical and surgical staff under the leadership of its President, Dr. David, and Dean Irons of Rush Medical College, of our nursing staff directed by Miss McMillan, and of the executive staff under the superintendence of Mr. Bacon and Mr. Hensel. The Presbyterian Hospital is the summation of their services, and of the benefactions of the churches, of the boards, and of its many patrons.

Respectfully submitted,

ALFRED T. CARTON,
President.

In Memory of John B. Lord

At the meeting of the Board of Managers of The Presbyterian Hospital on May 17, 1933, the Board of Managers adopted this tribute to the memory of John B. Lord:

The members of the Board of Managers of The Presbyterian Hospital of the City of Chicago desire to place upon the records of the hospital an expression of their sorrow at the death of John Brackett Lord on January 21, 1933, at the age of eighty-four. Mr. Lord was a member of the Board of Managers for twenty-nine years, during which time he served as vice-president for years. By his passing away the hospital has lost a loyal friend, whose strong, kindly personality endeared him to his friends and associates.

Born on June 5, 1848, at Newton, Massachusetts, Mr. Lord was the son of Brackett and Theresa (Winslow) Lord, members of old American Colonial families. Mr. Lord received his education in the grade schools and at Wilbraham Academy, of Newton. Having completed his education he joined his father in the hay and grain business. At the age of twenty-one he decided to seek a field offering greater opportunities, so made the journey to Illinois where from 1875 to 1882 he was active in the grain business. Foreseeing the great development in railroad construction, in 1882 he joined with Mr. C. W. Powell in organizing the firm of Powell and Lord, dealers in railway ties, which firm continued in existence until 1884, when the partnership was dissolved and Mr. Lord joined with Mr. Edward E. Ayer in organizing the Ayer and Lord Tie Company of Chicago, of which he was the active head up to the time of his death.

During his long and active business career he established an enviable reputation for integrity and square dealing which attracted and retained the confidence of all who knew him.

A good citizen, an upright business man, a willing and generous worker for the best ideals of the Presbyterian Hospital, John Brackett Lord will be sadly missed and long remembered by his fellow members of the Board of Managers.

To his family we extend our sincere sympathy in their bereavement.

In Memory of Albert M. Day

At the meeting of the Board of Managers of The Presbyterian Hospital on May 17, 1933, the Board of Managers adopted this tribute to the memory of Albert M. Day:

On Friday, May 12, 1933, Albert M. Day, serene and untroubled, fell into his last sleep. For eighty-eight years, less a month, he had by turns borne the burdens and gleaned the joys of life.

Mr. Day was an effective and successful man of affairs and when still under sixty found himself freed from the need of gainful occupation. In 1904 he joined the Board of Managers of the Presbyterian Hospital of the City of Chicago, and in January of 1906, was elected president. That was a fortunate hour for the hospital, for from that date for seventeen years he gave of his business ability to the hospital as generously as if he had been working for his own gain.

During his administration the Murdock Building, the Private Pavilion, the Nurses' Home and the Power Plant were built and the old Jones Building thoroughly remodeled. When he became president the hospital's endowment was less than \$333,000; when he retired from active management it was more than \$3,000,000. The institution he left was a very different one from that he found.

But this brief catalogue of objective facts only hints of the true story. His success was the product of his character. His handsome, well-clothed presence fitly housed his gracious, charming personality, and his grace and charm were but the expression of his intelligent kindness and genuine love of his fellows. He was firm but gentle, decided but gracious, thrifty but not mean, polite but not afraid. Sensitive in his feelings and quick in his sympathies he rejoiced when through the hospital immediate pain could be relieved or disease cured, but, too, his outlook was broad in time and space and he took peculiar satisfaction in the training given to students who should minister to the suffering at another time and place and great pride in the advances in medical science contributed to by our hospital.

By his devotion to the institution of his choice he held together in cooperative activity the Board of Managers, the medical and nursing staffs, the office and building employees. His personal charm brought him a host of friends from whom he would have scorned to seek selfish advantage, but from whom he hesitated not to get what he could for the hospital.

At the end of his seventeen years of successful administration, this Board sought to record its appreciation of his services by making him President Emeritus, a title he had borne for over ten years. Now that earthly honors can no longer adorn his name, we who live to enjoy the fruits of his labors here record our love for the man, our profound admiration for his character and our determination faithfully to serve the hospital of his affection.

ENDOWED NURSES

THE purpose of this Endowment is to take care of the very sick who, during critical periods of illness and especially following serious operations, need special nursing but who cannot afford to pay for such services.

These endowments are among the most valuable that we have because human lives are actually being saved by the devoted care of these nurses. More endowments of this character are badly needed. The cost of endowing a nurse is \$35,000.00, the interest of which pays the salary of a nurse. The endowments so far established are :

The Helen North Nurse.

The Gladys Foster Nurse.

The Ernest A. Hamill Nurse.

The Luella Pearson Molloy Nurse.

THE THIRTY FIRST (31st) ANNUAL REPORT OF THE School of Nursing

Mr. President and Members of the Board of Managers:

The year 1933 has been eventful in that for the first time since the organization of the School in 1903 no spring class was admitted, and in as much as many candidates applying at present are not of the standard acceptable to the School your Board has again decided to restrict admissions to the 1934 fall class.

The result of this decision has meant the larger employment of graduate nurses with a subsequent better nursing care of the patients, the increased cost of this service being somewhat offset by the use, for some of these graduates, of student nurse rooms in the Sprague Home. It also allows better methods of teaching the theory and practice of nursing to our students, a task always handicapped when a large unrelieved student group is so occupied working that there is neither time nor strength to acquire correct technique.

On September first, the fourth endowed nurse was installed through the bequest of Mrs. Luella Pearson Molloy, and on December eleventh, by a gift of one thousand dollars from Mr. T. Kenneth Boyd, a night nurse was employed to serve until this sum be exhausted. With the continued inability of most patients to employ special nurses, the increase in brain surgery, the many others critically ill in our wards, and the continually increasing time necessary for research purposes, the addition of these two nurses has been most acceptable.

On the first of October, the first group of five students started the two months course at the Chicago Municipal Disease Hospital, an opportunity for our students of valuable experience in that branch of nursing.

This year, as an economic measure, the weekly practice of the Florence Nightingale Chorus, carried since October, 1919, has been discontinued.

The occupancy of unused private rooms on the second floor of the private pavilion by members of our graduate nurse staff has been of economic value and brings back memories of a similar use of pavilion rooms between 1907 and 1910.

The death of Mr. Albert M. Day on May twelfth, marked the passing of one who left an indelible impress on the School and brought to all of us thoughts of gratitude for the years he gave to us, with memories of his wisdom, his interest and kindness, shown in innumerable ways.

This year and last year the interest on the David Graham Memorial Fund, started in 1924 in memory of Dr. David W. Graham, for the first time has been used to buy necessary books for the Reference Library and for purchase of Class-room or Laboratory equipment which could not be otherwise obtained. This fund is exclusively for educational needs of the School, and under the custodianship of Mr. Bacon, Dr. Irons and the head of the School is held strictly for that purpose. An enlargement of this fund or the establishment of a similar memorial which would take care of specialized lectures, other than those given by our own medical staff and calling for monetary return, would be of much value to the School and of considerable relief to the hospital.

The average graduate nurse staff has been 65, of which 56 have been on duty in the Presbyterian Hospital, 29 of them giving bedside nursing care to the patients. The student enrollment has averaged 149 with an average of 89 of the advanced group on duty in the Presbyterian Hospital and 32 in the six months preliminary period. Eight graduate nurses and 16 students have carried the operating rooms, taking care of 10,105 patients, an average of 33 daily, with 1,758 major operations, 8,377 examinations and minor operations, this being 312 more than in 1932. Supplementing this are the medical and surgical clinics of the Rush Medical College, and also the Examining Rooms on the first floor of the Presbyterian Hospital. The latter, receiving in addition to house cases, private patients of the medical staff and the pre-natal clinics, have kept two graduates and one student fully occupied.

The obstetrical department, although recording 107 fewer patients than in the previous year, on account of the installation of two nurseries requiring a separate group of nurses for each, has necessitated maintaining a large nursing staff for the department.

The reopening to patients part of the second pavilion floor on November eighth was welcomed and an initial number of 8 nurses assigned to that department to carry it for twenty-four hours.

The North Nurse has given 231 days service to 205 patients; the Gladys Foster Nurse 256 nights to 175 patients; the Ernest A. Hamill Nurse 238 days to 202 patients; the Molloy Nurse 102 days to 80 patients and the T. Kenneth Boyd Nurse 19 days to 13 patients.

A daily average of 44 graduate special duty nurses accomplished 15,843 days nursing for hospital patients as against 17,199 days by a daily average of 47 nurses in 1932.

Nursing outside the Presbyterian Hospital by students of the School includes:

2,148 days at the Central Free Dispensary by a daily average of	6
775 with the Out-Obstetrical Department of Rush Medical College by an average of.....	2
736 at the Prenatal Clinic of Rush Medical College by an average of	2
450 days at the Municipal Contagious Disease Hospital with an average of	5
304 days with the Chicago Visiting Nurse Association	
302 days with the Infant Welfare Society of Chicago	
238 days with the Rural Nursing Service of Cook County	
122 days at the Chicago Lying-in Hospital; and two students attending three times weekly the Infant Welfare Clinic of the Central Free Dispensary.	

There has been a total loss of 7,155 days of service by graduate and student nurses for all causes, illness, vacation, leave of absence. The time lost for illness per student has been 5.8 as against 6.3 in 1932 and by graduate nurses 2.7 in 1933. A complete and detailed report of illness is in the files of the School and it, with the annual announcement and other records on file, supplementing this report, give a picture of all activities of the School.

There were 42 students admitted in September; 20 dropped out of the school; 53 were graduated, making the total number of graduates 1,292 to date of December 31, 1933. Of our graduates who are known to be in active

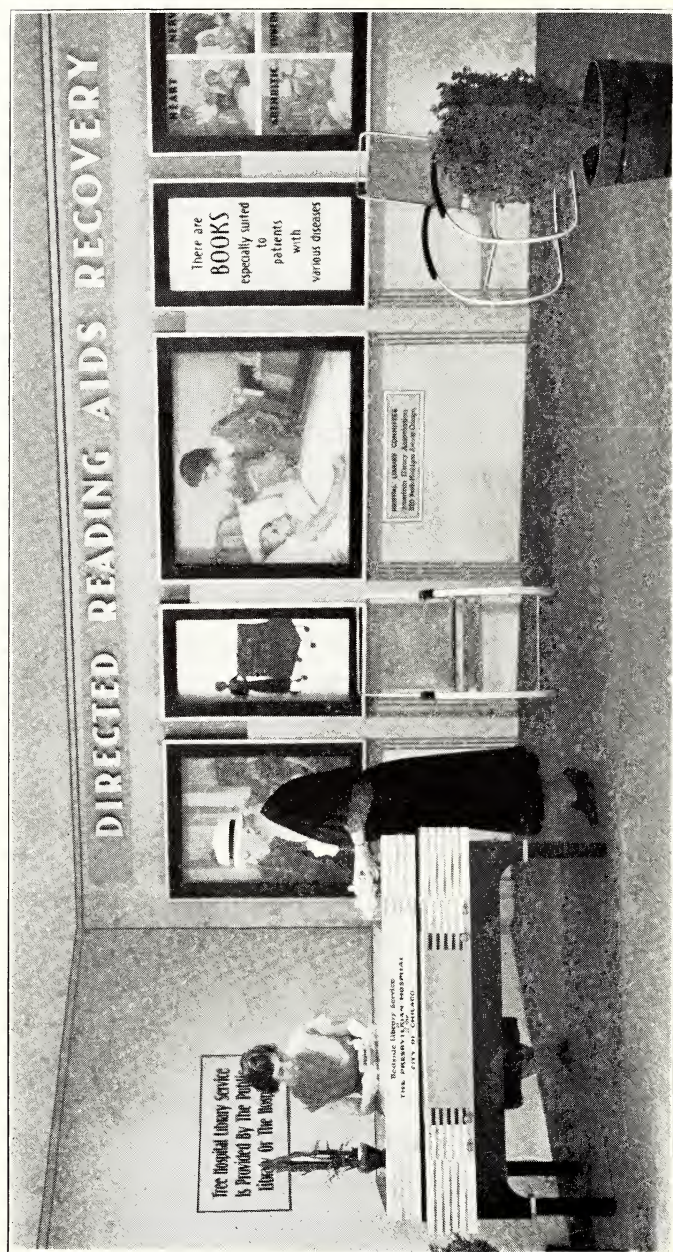

nursing 239 are engaged in private duty; 312 are in institutional positions; 97 in public health nursing; 13 in foreign mission work. The condition of the private duty nurse has not improved and has been aggravated by the falling back into the ranks of the private duty nurse many who have lost positions, or who having been compelled to return to nursing are unable to meet the requirements of other branches of the profession.

Thirty years of effort has seen the School Endowment totaling only \$61,093.75. The increasing employment of graduate nurses for hospital service emphasizes the great need of bringing that endowment to completion, and in addition the necessity of securing endowment for an increasing number of individual nurses.

As usual there are many to whom thanks should be returned for assistance given and interest shown. We are indebted to our own private duty graduates for many days of free service given to ward patients throughout the year and to those who, during vacation period in August, gave 760 hours bedside nursing in the Jones and Murdock buildings. We are grateful to the Woman's Board for continuing to provide scholarships and loans as well as for many other kindnesses; to Mrs. Friedberg and the members of the School Committee for the annual tea to the fall class, for helping with the Christmas Childs' Party; to Mrs. Ernest A. Hamill for again providing for the Christmas activities at the Sprague Home; to Dr. L. C. Gatewood and all those members of the medical staff who have taught or given professional aid to our nurses; to Miss Foley, Miss Place, Miss Fulmer and other heads of organizations receiving our students for affiliation; to Mr. Bacon and his associates for continued co-operation; and to the President and Board of Managers of the Institution for their generous understanding.

Respectfully submitted,

M. H. McMILLAN,
*Director School of Nursing and
Superintendent of Nurses.*

Mrs. C. Frederick Childs of Lake Forest, chairman of the Women's Board of the Presbyterian Hospital (right) and Miss Selma Lindem, librarian of the Presbyterian Hospital, putting the finishing touches on the Hospital Library Service Exhibit in the Hall of Science at the Century of Progress. The display has been arranged by the Hospital Libraries Committee of the American Library Association, under the direction of Miss Lindem, and with the cooperation of Mrs. Childs, Mrs. Ruth Parker and Mrs. W. Stearns Agar of the Women's Board. An electrically operated model shows how books are carried to patients at the Presbyterian Hospital.

JANUARY 8th, 1934

The report of the Recording Secretary for the fiftieth annual meeting shows an enrollment of 225, including pastors' wives, honorary and non-resident members. There are thirty-eight churches represented.

There have been nine regular meetings with an average attendance of ninety-four and one-half. There were sixteen members who were present at every meeting. They were: Mrs. Frederick C. Baird, Mrs. C. Frederick Childs, Miss Belle Dunham, Miss Harriet Gilchrist, Mrs. David M. Graham, Mrs. E. E. Irons, Mrs. Halford Kittelman, Miss Grace McWilliams, Mrs. George R. Nichols, Mrs. H. C. Patterson, Mrs. Clyde Shorey, Mrs. Frank Smith, Mrs. Andrew Templeton, Mrs. T. J. Thomas, Mrs. W. D. Williams and Mrs. Arthur M. Wirtz.

Ten new members have been accepted and there have been eight resignations.

The Board has suffered in the loss by death of two of its members, Mrs. Carl Davis of the Evanston First Church and Miss Wilomine White on the non-resident list.

Respectfully submitted,

(MRS. C. E.) ELIZABETH D. SHOREY,
Recording Secretary.

To the Board of Managers of
The Presbyterian Hospital of the City of Chicago,
Chicago.

Dears Sirs :

As requested, we have examined the accounts and records of the Woman's Board of the Presbyterian Hospital for the year ended December 31, 1933, and have prepared therefrom the attached statement of cash receipts and disbursements, and transactions in securities.

We examined all canceled checks submitted in support of cash disbursements and found them correctly recorded in the books. Income from securities was duly accounted for.

We verified the cash balance at December 31, 1933, by reconciliation with the balance confirmed direct to us by the depository. Investment securities were confirmed to us by the Trustee.

Yours faithfully,

ARTHUR YOUNG & CO.
